DANIELLE ROLLINS

The Studio Collection for Memoire Design™ by Danielle Rollins redefines rattan, moving it beyond its relaxed, coastal associations into a world of glamour and sophistication. Inspired by the lifestyle backdrop of the late seventies and eighties—a high-style era that shaped her own aesthetic—Rollins merges craftsmanship in natural materials with Palm Beach polish. From lounge-ready sectionals to Rollins' signature "barmoire," every piece embodies her refined yet effortless approach to interiors.

"This collection truly celebrates rattan's versatility—dressing it up for modern living & modern entertaining."

- Danielle Rollins
